## BREAKING ALL RECORDS!

### THE BOOK

The American textbook of philately. Twenty thousand words of clear, concise instruction and definitions. Explains every step in building a collection. Answers every question. Solves every problem. Written in plain, understandable language so clear that the youngest beginner will enjoy and understand every word. So complete that the most advanced philatelist will find each chapter of increasing interest.

Full book size, 6x9 inches, 150 pages, heavy black and gold cloth binding, an attractive library addition, yet priced within the reach of all. Every collector needs it, no school or club library can afford to be without it. Now on sale everywhere in the United States. Buy it in your hometown from your stamp dealer or book store, or order your autographed copies direct from the author. The one book on stamp collecting that you cannot afford to miss.

### How To Collect Stamps

from your local stamp dealer or book store.

Personally autographed copies may be ordered direct from the author at 75c postfree. On these orders the postage will be paid with stamps cataloging at least 25c when cancelled.

So tremendous was the demand for this book that the entire first edition was sold out the same day it was placed on sale! Later editions are now off the press and on sale everywhere. Philatelic history is being made by the book, and with good reason, for it does what has never been done before: provides a concise yet complete treatise on exactly how to start, improve and carry on a stamp collection, something every collector has wanted. To cap the climax the last chapter contains forty pages of definitions, covering practically every known term used in the ordinary course of collecting a veritable stamp collectors' dictionary! The ideal book for yourself, the perfect gift for others.

## Olympic Postage Stamp Album Collection No. 100

### DESCRIPTION

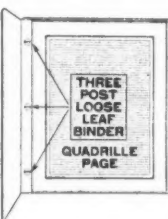

#### Cover—

The cover is made of a beautiful, heavy antique finished art paper, a rich chestnut brown color. Will not soil readily, is artistically printed in a rich, deep red, green and gold. Finished with rounded corners.

#### Pages—

One hundred pages 9 1/2 x 5 inches, printed from new plates, with an artistic border surrounding a fine quadrille ground work for mounting. This quadrille work is marked with a center of page position mark as well as position marks at both sides and at top and bottom of the page for accuracy in mounting. The paper is a light weight white bond paper, light in weight so that the book will lay open when in use.

**Binding Style—**Pages are held in the binder by the Chicago Screw Post method of binding — three posts. This gives a firm, yet easily interchangeable binding. Has extra expansion stubs for 3-16 inch expansion.

### FOR ALL USES

Every stamp collector has wanted a cheap, yet practical and artistic, low priced loose leaf album for mounting those odds and ends, for whipping special countries into shape before mounting in his better permanent albums.

Young collectors get the blank album fever and the Olympic album is the ideal album with which to meet the demand.

Precancel collectors will find the Olympic album useful, practical and modest in price.

The Olympic album is just the album you have wanted for side lines of all kinds.

As a duplicate book for trading and exchanging at your club meetings, or for special displays, you will find the Olympic album can not be beat.

Dealers will find the Olympic album a practical and attractive display and counter sales book. Suitable also for large approval selections, mounted collections and similar uses.

### SELLING FAST

Collectors acclaim it to be just what they have wanted!

THE PRICE PUTS IT WITHIN THE REACH OF EVERYONE

## The Orangeburg Coil

Much of the following article is taken from "United States Postage Stamps of the 20th Century", by Beverly S. King and Max G. Johl, now running in The Collectors Club Philatelist, and is reprinted by permission of the authors.

**A** RECENT number of Linn's Weekly Stamp News carried a news item regarding the discovery of one of the rare Orangeburg Coil Stamps by a reader. The stamp was found in a bag of so called Mission Mixture, and only goes to prove that it is worth while to know your stamps in order that you may not overlook those few elusive items that otherwise would be passed by.

While the standard catalogues list this stamp, no price quotation is given so that the average collector has no knowledge of its great rarity which would be indicated by a three figure price, if a price quotation were printed.

Numerous letters from readers, regarding this rare coil stamp have come to the editor within the past few weeks. There seems to be some new bits of information in some of these letters and it will therefore be best to first quote the article by Messrs King and Johl and then to add such further comment as may be gleaned from the letters at hand.

#389—Three Cent, Violet, Washington. Sidewise Coil. S. L. Wmk. Perf. 12 Vertically.

Issued January 24, 1911.

This is the rarest of all the Government coils. Only one unused strip of four and three mint pairs are known and we know of but three or four mint and used single copies. The strip is a paste up showing plate number 5126. It is known as the "Bell" or "Orangeburg" Coil.

This particular coil was made by the Post Office Department for the Bell Pharmaceutical Company, of Orangeburg, N. Y. This firm manufactured a patent medicine and the coil stamps were used on samples of their product mailed to physicians.

Dr. Jason Samuel Parker, of White Plains, N. Y., a well known surgeon as well as a keen philatelist, noticed a new type of three cent coil stamp on a sample package sent to him. He immediately made an investigation. The following statement received from him is interesting:

"It seems wise to look over the stamps on the second and third class mail. I once found a package with a three cent stamp that I had not seen before. On examination it proved to be a Coil, single line watermark, perforated 12 vertically of the issue of 1910. The package was from the Bell Pharmaceutical Company, Orangeburg, N. Y. I wrote inquiring about the stamp and received a very courteous letter from Mr. Bell, the president, enclosing an unused pair of what is known as the Bell Coil. I described the stamp in Mekeel's at the time.

(Signed) Jason S. Parker."

Dr. Parker later sold this mint pair to Philip Ward, the used copy still being in the Doctor's collection.

We quote from the following letter received from Mr. Ward which gives further light on this subject:

"\* \* \* concerning the 3c coil, #389, the only lot, however, that was ever philatelically discovered was the lot used by the Bell Chemical Company of Orangeburg, N. Y. When the stamp was current a railway mail clerk from middle Pennsylvania acquired a strip of four after correspondence both with the Bell Company and the local post office, this strip shows a plate number in the pasteup. At the time I had the Bureau check this plate and we found that it was used for coils only, (3) hence the plate number definitely established the genuineness of the coil. This unused strip of four, which is

now in one of our largest collections, is the only unused strip known. There are possibly three unused pairs around, one of which came from Dr. Parker, and if I am not mistaken is now in the 'Miller' collection in the New York Library. There are also one or two unused single copies without gum about and these were, no doubt, used for postage, but escaped cancellation.

"The cancelled copies were used on the Bell envelopes in sending out samples of their medicine and as they sent out large quantities, the covers were run through the first class cancelling machine and received the wavy cancellation used on the machine in Orangeburg at that time.

"As a result, we have not had much difficulty in checking up the genuineness of individual copies from this lot, for we get the correct color, the correct height of the stamp, in addition to the proper cancellation and for one to find a used copy perforated all around, which could be cut to give these specifications, would be practically impossible.

"With kind personal regards,

Sincerely yours,

(signed) P. H. WARD, JR."

(3) This is not correct as this plate was used for perf stamp #389 and #376. (Author's note.)

A well known New York dealer told the writers that these stamps were printed on a special paper which was used only for this coil. This theory does not seem to be correct as they were printed on a regular requisition and made in the usual method then in vogue at the Bureau. The history of this stamp is similar to that of the 4 cent 1902 Shemack which like it served the intended purpose and was destroyed before philatelists, with but

few exceptions, knew of its existence.

Shade: Deep violet.

Varieties: With the exception of the strips of four and three pairs mentioned above it is always found used.

a: Spacing pair.

b: paste up pair.

c: Guide line pair.

Plate used: Imprint, star and number. 5126

The above is from the article by Messrs. King and Johl and in addition to the information there given, we find other information of interest in the various letters at hand.

It might be well to call attention to the fact that this coil stamp is the rarest of all coil stamps. It gets its name from the town in which it was used, Orangeburg, N. Y. It was used by the Bell Pharmaceutical Company, manufacturers of the Digestive Tablet known as "Bell-Ans". The stamp is

sometimes referred to as the "Bell" coil.

The stamp is of the design of the 3c 1908-09 issue, Type I. This design and Type is first shown in the catalogue as No. 333. This stamp however is perf. all around and is on the double line watermark paper. This same stamp is also issued imperforate but since this is also a double line watermarked stamp it is not possible for fakers to make the rare coil from this imperforate sheet. The next listing of this Type and design in a 3c stamp is on the bluish paper issue. Just prior to the bluish paper issue of stamps there is a listing of a 1, 2, 4, 5, and 10c coil stamp but no 3c coil stamp is listed.

Then comes the change from double line to single line watermark and in the 1910 issue we find that the 3c stamp is still being printed from the same Type I plate, this stamp is perf. all around and is therefore identical with the rare coil except that the coil is perf. 12 vertically. Following the coil in question, the same stamp of the same Type comes in a coil perf. 8½ vertically.

Following this the stamp is next issued perf. 10 with single line watermark and also in the coil form perf. 10. It is hardly necessary to follow this Type farther as from this point other Types appear, until we find a total of six different Types of this particular design of the 3c stamp.

In checking up on known copies of the Orangeburg Coil one can include among the fortunate owners, Dr. R. L. Glase of Seattle, Washington. Dr. Glase, writing under date of August 23, says, "Some few philatelists among the physicians saved this coil, but the great majority saw in it only another purple three cent stamp and tossed it into the waste basket. \* \* \* I am writing about this stamp because I happen to have a pair in my safety deposit box. How I discovered I had saved them would make a good story."

Mr. F. G. Koepf of Buffalo, N. Y., writing under date of August 22, says, that at the time the stamp was current that a Mr. Buckminster, Prof. in Chemistry at the Lockport, N. Y. High School had a quantity of the stamps which he obtained from some Chemical Company at Orangeburg, N. Y. Mr. Koepf further states that a Mr. Fred James of Lancaster, N. Y., has two strips of four of the stamps that were given him by Mr. Buckminster.

Mr. M. A. Eyster, of Toledo, Ohio, states that at an auction sale of M. Herbert & Co., in New York, in 1930, a mint single copy was sold for \$430 and a used copy at \$375.

The coil came showing pairs with both the 2 and the 3 mm. spacing between stamps.

Mr. Robert Dexheimer of Atlantic City, N. J., writes under date of August 22, and states that Orangeburg is situated on the New York Central R. R. in Rockland County, N. Y. He calls attention to the fact that "so far as known, only one 1000 subject coil was ever made and this was sold to the Bell people."

It would seem a very queer thing that the postoffice Department would prepare a single coil of 1000 stamps for a special order as must have been done in this instance. It would be but natural to believe that more than the single coil had been made, but if such is the case no trace of the others has ever been found.

From Carl W. Frost at Cambridge, Ohio, comes a letter in which he says, "I have a copy postmarked May 10—5 p. m.—1911. This copy is badly off center top and bottom. Also a copy on entire cover dated Sept. 14, 5 p. m., 1911. The copy on entire is perfect.

## GEORGE WASHINGTON SPONSORED FIRST AIR MAIL

Dear Mr. Linn:

In a recent issue you had a note on Lafayette, Indiana, as the site of the first air mail flight in the United States. Just to present another angle to this controversial question I wish to quote the Hon. Clyde Kelly, Representative in Congress from Pennsylvania, who writing in the National Republic Magazine for April, 1932, on "George Washington and the U. S. Post" says:

"A still greater proof of Washington's faith and courage in accepting new ideas was shown in 1793 when he sponsored the first air flight in America. Washington was President of the United States, but in the face of ridicule of the unthinking, he accompanied Jean Blanchard, the French balloonist, to the old prison yard in Philadelphia, which thus became America's first air port.

"Washington gave Blanchard the first air mail letter in American history. It was addressed: 'To all whom these presents may come,' and was as follows: 'The bearer hereof, Mr. Blanchard, a citizen of France, proposing to ascend in a balloon from the City of Philadelphia at 10 A. M. this day to pass in such direction and descend in such place as circumstances may render most convenient.

"These are there to recommend to all citizens of the United States and others that in his passage, descent, return or journeying elsewhere they oppose no hindrance or molestation to the said Mr. Blanchard; and that on the contrary they receive and aid him that humanity and goodwill which may render honor to their country and justice to an individual so distinguished by his efforts to establish and advance his art in order to make it useful to mankind in general.

"Given under my hand and seal at the City of Philadelphia this ninth day of January, seventeen ninety-three, and of the Independence of America the seventeenth."

"Blanchard floated to Woodbury, N. J., a distance of fifteen miles in forty-five minutes. . . ."

The rest of the article is also very interesting especially to a collector.

Sincerely,

Willis W. Atwell,  
Grand Rapids, Mich.

A50—2dr. on 3dr. brown  
A51—2dr. on 5dr. brown & black

(A. F. Turner)

**INDIA**—Bahawalpur State. First issue, which will probably include seven values, is in preparation. The stamps are being printed in London.

(Philatelic Magazine)

**JUGOSLAVIA**—Special stamps were to be issued Sept. 1st, on the occasion of the All Europe Royal Contest, to be held on that date at Belgrade. The values to be:

75pa. plus 50pa.  
1D. plus 50pa.  
1.50D. plus 50pa.  
3D. plus 1D.  
4D. plus 1D.  
5D. plus 1D.

The numbers printed ranging from 60,000 to 1 million copies. The stamps, which will remain on sale for a period of two months only, are also to be overprinted for the purpose of some special air mail flights during the three days of the meeting.

(A. F. Turner)

**LEBANON**—Another value has been added to the current pictorial series:

0.75pi. brown on yellow (Ruins of Baalbeck)

(A. F. Turner)

**MALTA**—The 2p. pictorial, heralded Aug. 20th, has been abandoned.

**MANCHUKUO**—This is the new name given to Manchuria and Whitefield, King & Co., for one will list the stamps under this heading, in the future, in their catalog. We presume that other catalogs will follow suit.

Later: We are informed that a new set of stamps was to be issued on Aug. 1st, in the following denominations: 1/2, 1, 1 1/2, 2, 3, 4, 5, 6, 7, 8, 10, 13, 15, 16, 20, 30, 50 cents and \$1. It is interesting to note that the face value of stamps listed in Manchukuo is actually for Mexican Dollars and in view of the fact that the Mexican dollar is approximately 25% higher than the Harbin dollar, the Post Office makes and additional charge of 25% on the face value of all stamps. For example, for a 4c stamp, one has to pay 5c. This has been the case for the past few years, in order to prevent stamps being taken to other parts of China for speculative purposes.

(Whitefield, King & Co.)

**MONACO**—A report is current that the separate stamps of the Principality are to be done away with and ordinary French stamps substituted.

(Philatelic Magazine)

**NETHERLANDS**—Colors and values of the annual issue of charity stamps, to be offered for sale toward the end of the year, follow. The quantities to be issued of each are in parenthesis following each:

2c. plus 1c. violet & sepia (500,000)  
5c. plus 2 1/2c. green & sepia (300,000)  
12 1/2c. plus 2 1/2c. red & sepia (750,000)  
15c. plus 5c. blue & sepia (400,000)

The subjects on the above will consist of local views.

(A. F. Turner)

**NEWFOUNDLAND**—World Tour Issue. We are informed that an agreement has been signed by Aerial World Tours, Ltd., and the Government, for a special world tour flight in the course of which Newfoundland stamps will be sold for a special air mail. It is proposed that a flying boat start from Minneapolis, Minn., on Aug. 31st, thence to Montreal, Toronto and Holyrood Arm, Newfoundland. Here a Newfoundland Postmaster would go aboard, the plane to then continue its flight via Greenland and Iceland, to Bergen, Norway, across Europe and Asia, over the Pacific to Alaska and home. A special issue of 400,000 air mail stamps were to be provided. The design appears to have a "floor" of a segment of the globe marked "NFLD—GLAND—ICELAND—NORWAY" with an aeroplane in flight, "NEWFOUNDLAND" at top "1932" on each side, and "\$1—AIRMAIL—\$1" beneath; in general appearance something like the Dutch Indies stamps of April, 1931.

(Philatelic Magazine)

**NICARAGUA**—New Air Post stamps of 30, 35, 40 and 55 centavos in a permanent design are to follow the provisional surcharges of the same denominations noted in our issue of Aug. 6th, in consequence of a modification of the rates of postage upon correspondence sent on the Pan American Airways. An error "VALC" for "VALE" occurs upon the 92nd stamp of each sheet, on the provisionals.

(A. F. Turner)

**PARAGUAY**—Red Cross, new type. Large square format, about 28mm. each way. Lithographed, perf. 12.

50c. plus 50c. rose

(R. Roberts)

**PERU**—A special set of stamps commemorating the 4th centenary of the colonization has been issued. They are all of the same design, showing a castle in the center, over which hangs a pair of scales; two postage and one air mail:

10c. blue  
15c. violet  
50c. red (SERVICIO AEREO)

(Whitefield, King & Co.)

**ST. PIERRE & MIQUELON**—The Newfoundland Flying Boat was scheduled to call at the French Colony, in so much as it was on the route, and we are wondering if any special overprints will emanate from here.

**SYRIA**—A new addition to the pictorial series has appeared:

0.75pi. orange red (View of Homs)

(A. F. Turner)

# Postage Stamp Bourse of Chicago

The new Postage Stamp Bourse of Chicago, a non-profit organization, gathering every Friday night at 7:30 p. m., at the Worlds Fair Club, 1258 So. Michigan Ave., and is patterned after the bourses in many cities in Europe. Although only in the eleventh week of its existence, 150 to 300 collectors and dealers attend each meet-

At the time this picture was taken, Philately was represented by dealers and collectors of U. S. and Foreign stamps, Precancels, Airmail stamps and covers. Dealers in Philatelic supplies. Numismatics by dealers in rare coins and medals.

The Board of Governors of the Bourse heartily invites every collec-

ing to buy, sell and exchange postage stamps and coins.

The dealers and collectors sit opposite each other at small tables, displaying their books to buy, sell or exchange as is done in the famous bourses in Budapest, Vienna, Hamburg, Berlin, London, and Paris.

There is little trading in extremely valuable stamps, but the more reasonable priced copies are disposed of with ease.

The Bourse is not restricted to stamps alone. Rare coins are displayed and sold.

tor and dealer to attend these meetings and view the very interesting displays.

Admission is free to the public.

## PHILATELIC PICTURES

The picture herewith is one of the series of pictures of Philatelic Interest that will be published in Linn's Weekly Stamp News from time to time. The publishers solicit interesting photographs or pen drawings of subjects relating to stamp collecting for publication in future issues.

displaying stamps and accessories. This booth attracted a good bit of attention from collectors and also the public in general. During the exhibit members of the Association were present explaining and answering any question that was asked. Those who exhibited were George Haringx, U. S. Stamps; John Gnaedinger, U. S. Revenues and Canal Zones; Miss Lillian B. Albright, Canada; F. A. Woock, Precancels.

The Rochester Philatelic Association meets the second and fourth Thursday in the month in the rooms of the Municipal Museum where they have a permanent exhibition of stamps which may be seen at any time when the Museum is open to the public.

## Precancels

Information regarding new issues and notes of interest on all Precancels, other than Bureau Prints, should be sent direct to the Editor of this column.  
K. M. GIERHART, BALTIMORE, OHIO

About the most unique precancel to come my way in recent months was submitted by C. F. Jones of Highby, Ohio. The stamp was a 1c ord. from Waverly, Ohio. Waverly and Ohio within a circle. Waverly is curved at the top and Ohio at the bottom making Ohio read Oihio, but of course you are supposed to turn the stamp upside down when reading Ohio as follows in the same position as Waverly rather than being inverted to make it read right in normal position. This is a rubber hand stamp.

And now about handstamps. Up until a short time ago all handstamps were of the rubber variety, that is the type bars or lines were made of rubber. Of course the rest was made of wood and whatever else it takes to make handstamps. It seems that lately the government has been issuing some offices handstamps but the lettering, etc., are of metal. It is very apparent that the thin ink formerly used for the rubber stamps would not work so well on the metal letters so the postmasters have been instructed to use a grade of printers ink. Mr. Allan P. Vestal of Indianapolis and Mr. William A. P. Andrews of Littleton, Colo., were my informants on the

above. Mr. Vestal showed me several instances of the metal stamp on Indiana Bi-Centennials and Mr. Andrews showed me an almost entire impression of the stamp issued Littleton, Colo., on a plain piece of paper.

Mr. W. L. Culpepper of Thunderbolt, Ga., submits a 3c Atlanta, Ga., Olympic. It is a handstamp type and was used by Sears Roebuck. I have received extensive lists of Bi-Centennials from a number of collectors but as I am not interested so much in new varieties as in new towns, new types and the unusual such as the Waverly, Ohio, precancel I refrain from listing them. In the regular types of many cities it is only a matter of natural sequence that the Bi-Centennials were used there and should be expected.

Lawrence Bros. are holding an auction October 8th and the proof sheet of the general precancel section shows some fine old precancels as well as a good assortment of recent commemoratives. I notice 1c La. Purchase from Denver, Colo., and Akron, Ohio, 10c Pan-Pacific from Minneapolis, Minn., Springfield, Mass., Marion, Ky. The best of the lot is a 50.00 item from Warren, Pa., which would be the 1c "98 perf. 12 type I. As said before these notes were taken from the proof sheet and an error seems to be made by the printer on this item which the boys failed to correct on my sheet. If the above is not right will make note of it in next issue.

The Pequog Press submits a new type for Athol, Mass. It is a handstamp reading "Athol, Mass." in one line, no lines or bars and was on the 1c Bi-Centennial. Since this type seems to be too long to print across the vertical stamps I imagine all of the precancels made from this stamp will read either up or down. The ones I have read down.

J. E. Rasdale of Elsie, Mich., is holding his fourth auction September 30. I note a block of 30 of the Bradock precanceled Huntington, W. Va., in double line type, and again a fine assortment of Jackson, Mich., Ovals.

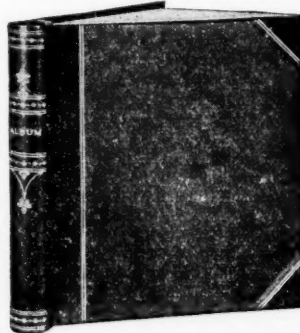

### CHICAGO RADIO STAMP PROGRAM OPENS OCT. 2nd

Ralph A. Kimble, known in almost every city and town in the country as the "Stamp Man of WMAQ" will open his third consecutive year of philatelic broadcasting on Sunday, October 2, 1932, at 1:15 P. M., central standard time. His schedule calls for thirty-six consecutive weekly broadcasts, the time and day of week being the same in each case unless later changed. The subject of his opening talk will be "The Drama of the Postage Stamp", an introductory program opening the series. Listeners should dial 670 and hear this.

# Notes on Stamps of Hejaz and Nejd

By Montgomery Mulford

Hejaz in Arabia, was stampically born in 1916, with the first issue appearing between August and October of that year. The first stamps of the country bore inscriptions which were taken from mosques in Egypt or out of the Koran—Mohammedan bible!

All Hejaz stamps bear in the designs inscriptions, and no portraits of illustrations.

It is interesting to note that in the Gibbon catalog for 1921 and 1922 issue, we read: "The Arabic inscription reads 'Arab Hachemite Government, 1340'". In Scott's we find after the 1922 surcharges, the note: "The Arabic surcharges read: 'Government of the Land of the Prophet' 1340'".

Of the 1924 issue we find further notes of interest. Gibbon says: "The surcharge commemorates the proclamation of King Hussein at Caliph." Scott's says: "The surcharge reads: 'In commemoration of the Caliphate, Shaaban, 1342'". The issue was intended to commemorate the assumption of the Caliphate by King Hussein.

These overprints and surcharges are known in many erroneous positions, but this article will not go into such detail which is left for the specialists. The Jeddah issues of 1925 bear an overprint or surcharge, translated "Hejaz Government, October 4, 1924" on the postage stamps of the 1917-18 issues. It is curious to note that "1924" corresponds to the Hejazian (or Arabian would be more proper) year as stated, "1343".

## DOLLAR A THOUSAND

For some time I have been buying all the stamps from mail of a large firm here, filling a Linn album with them to put away for years. I get Bi-Cents., Olympics, values up to 25c, scattered Commems, airmails and so on.

Have enough now, and will be glad to send you a package exactly as received by me for ONE DOLLAR. Count depends on the mail, but they will simply be taken from an envelope and put in a box for you—not a stamp taken out.

A. C. TOWNSEND

Subsequent issues of this area were issued by Nedj. Its first postage appeared in March-April of 1925, being surcharged stamps translated as "1925: Post of the Sultanate of Nejd". 1925 corresponds to Nedj date of 1343. Not only were Hejaz stamps used as just mentioned with the new inscription, but soon Turkish stamps were likewise used in this manner.

Nejd stamps do not, either, present any portraiture or illustrations in the designs with one exception. On the issue of 1925 railway tax stamps we find a picture of a small, early type of locomotive.

The Pilgrimage commemorative issue appearing in July of 1925 commemorates the first pilgrimage of the faithful. One surcharge reads "Al Arba" which is translated as "Wednesday".

In 1926, came the Hejaz-Nejd issues, also inscriptive in the designs. On these first issues we find the inscription (not surcharge) translated as: "Post of Hejaz and Nejd".

Under this combined government was issued the Pan Islamic Congress postage stamps. This was in June of 1926.

On the 1927 surcharges we find "in commemoration of the kingdom of Nejd and Dependencies, 25th Ragheb, 1345."

In 1926, Ibn Saud came to the throne of Hejaz-Nejd, and in 1930, commemorative stamps appeared marking the event.

These Hejaz and Nejd and Hejaz-Nejd issues are curious, untranslatable and undecipherable for most of us without a guide. This writer hopes that the little that has been said in this article will be of some assistance to the collector of these stamps. I should like to have some energetic or erudite philatelist translate for me—and for the benefit of all others—those inscriptions on the first Hejaz issues pretending to be inscriptions from mosques and the Koran. I believe such translations will be welcome as well as fascinating.

The Precancel Clearing House of Newark, N. J., sends in a number of nice buro plate breaks for listing:

No. 1—Newark, N. Y., B11-1c coil, a battered lower line that occurs at the minor gap and is constant.

No. 2—Newark, N. J., B11-1½c coil (old type Harding) with a battered "K". Third stamp to the left of the minor gap and also constant.

No. 3—Newark, N. J., B11-1½c coil (old type Harding) with a mangled "E" in Newark. Constant on third stamp to the left of the major gap.

No. 4—For a long, long time we have noted some tricky items on the old type Newark 3c coils, among them a very faint "W" in Newark. The Clearing House shows a sufficient number to warrant listing this item as either a break or badly worn type.

No. 5—Included also were some fine examples of "Stretches" on old type Macon and Peru coils, also a beautiful shift on the Camden 2c B11 coils.

A letter from The Pequigo Exchange of Athol, Mass., reaches us under first class mail franked with precancels. We found a number of nice buro breaks and stretches. Among the breaks, the Portland 4c Taft with a diagonal top line break over "RT" of Portland. A number of nice printing oddities from Houston and Milwaukee showing those very streaked overprints.

Lawrence Bros. advise their next sale as of October 8th. While only fifty lots of buro prints these lots are all errors. Here's your chance to land those misspelled oddities at your own price. Send for your catalog.

# ORIGINAL Cover Album

## A Practical Cover Album at a Price That Will Meet With Your Approval CAPACITY 300 COVERS

A Cover Album for all kinds, sizes and shapes of covers. This album meets the need of the collector of Air Mail Covers, Cacheted Covers, First Day Covers, Entire Envelopes, Stampless Covers, Foreign or U. S. Covers of any kind or size.

The binder is the Chicago Screw Post style of binding, pages easily and quickly interchangeable. The binder is of heavy board, covered with a rich maroon cloth in imitation of leather, stamped with title and name in gilt, inner lining is a fancy art paper.

The pages are 13 inches high by 17 inches wide, pages are of a heavy art cover paper in a French Gray color, mounting pages are interleaved with a piece of very tough and thin white onion skin, thus permitting mounting covers on both sides of the page without danger of rubbing or snagging. This gives the book double capacity and for standard size envelopes, will hold six covers to the page. The album of 25 pages will thus hold 300 covers. Every page is also interleaved with a stub to allow for expansion, so that when filled the book will not bulge.

Note the beauty of this album in the illustration shown. You can not find a better, more practical or a cheaper method of keeping your covers in a way that will permit their display.

Album holds 300 covers—cost is but one cent per cover for this high quality, practical cover album.

Covers should be mounted with art corners.

### UNIQUE AIR COVER

Rather this is not a cover, but it is still a unique piece. While we could not all go to the Olympic Games, we have all gathered Philatelic Souvenirs of the occasion and one has just come to the office of Linn's Weekly that is certainly a very attractive and worth while souvenir.

From Mr. A. L. Wilhelm of the Editorial Offices of the Los Angeles

Times, comes a ticket for the Wrestling Matches of the Olympic Games. The ticket is marked complimentary, it is a beautiful piece of engraving and instead of being mailed in an envelope, has a 3c and a 5c Olympic stamp attached on the reverse side and is addressed and with an air mail label attached and dropped in the mail naked, or so to speak.

Thus one has an air mail cover (?) and an Olympic Games Souvenir all in one piece, something that is really out of the ordinary.

## ◆ EDITORIALS ◆

**HOW TO COLLECT STAMPS** Here is the answer to hundreds of letters that have come to the Editor of Linn's Weekly Stamp News in the past year. Besides containing the answer to the question you may have asked the book answers hundreds of other questions that will come to your mind as you progress along the line that will eventually graduate you from a stamp collector to a Philatelist.

"How To Collect Stamps" is the title of a new volume just issued, written by Ralph A. Kimble and published by Grosset & Dunlap, New York. The book is of 148 pages, standard library size, bound in black cloth, gold stamped and with a very showy outer paper cover. Price only 50 cents.

Ralph A. Kimble has been one of the most active philatelists in the United States for the past few years. He has been instrumental in adding hundreds of names to the subscription list of this publication and has never failed to recommend this publication when the occasion occurred. Mr. Kimble holds the record as being the

broadcaster of the most prominent and best radio stamp program that has been available to radio listeners in the past few years. His work along this line is about to continue for the coming winter season with a series of 36 consecutive weekly radio broadcasts, over station WMAQ of the Chicago Daily News.

How To Collect Stamps is a very treasure house of information and advice for the beginner. It gives you in one compact volume, information that you will strive for years to accumulate from any other source. It answers the question you want answered at once, it gives you the information now, it can not fail to interest and educate every collector whether he be amateur or expert.

It is not written in the language of the so-called Philatelic Expert, but is the language of the common man, in language that anyone, whether stamp collector or only a prospective stamp collector, can understand. Perhaps it is this fact that has made this book appeal to me, to seem to be just a little bit better for just the class of collectors for which it is intended than has any other book that I have previously seen.

—George W. Linn.

**RUBBER STAMP CACHETS** In recent issues we have had occasion to make some remarks about Rubber Stamp Cachets. We believe that these remarks were misunderstood by some people for it was not our intention to condemn any cachet simply because it was a rubber stamped cachet, for be it known, more cachets are so applied. What we wanted to convey was the fact that too frequently, cachets of no importance or consequence are hurriedly thrown together by some irresponsible person by the use of a set of rubber type and such cachets are foisted upon collectors who have no way of knowing what is coming until they have spent their good money for them.

We also pointed out that too frequently rubber stamp cachets are applied in a haphazard slipshod manner so that they are illegible and smeary and as such are quite disappointing and undesirable to collectors.

James Mac Fatridge of the Standard Stamp Works of Muncie, Indiana, submits a specimen rubber stamp cachet applied to an envelope, which his firm prepared for the Airport Dedication and Air Show that was held at Muncie on September 10 and 11 and calls our attention to the fact that a rubber stamp cachet can be applied in a legible and attractive manner, if the stamp is made right and applied right.

We can quite agree with this gentleman as his sample proves the fact, yet that does not eliminate the fact that a large proportion of the cachets are unattractive, usually from carelessness and hurried application.

**PHILATELIC PICTURES** In this issue of our paper appears the first of the Philatelic pictures that we hope to make a feature of from time to time. Whether

we will be able to print one of these pictures every week will depend on just what support is given this project by our readers. Already we have had a few nice pictures with interesting stories submitted. We shall endeavor to print only pictures that we consider of real Philatelic Interest and as the series of pictures grows, one will eventually have a nice collection of interesting subjects.

We have had a letter from a reader who suggests that we make prints of these pictures on fine book paper so that they can be obtained for mounting in albums, etc. It will be possible to do this if enough interest is shown in the pictures as published. We have one subject now that is of very great interest and would doubtless appeal to many of our readers. Perhaps we had best wait a bit longer and learn by what we hear from you as to whether such a plan would be desirable to our readers.

If you have a photograph or drawing of anything that is of real Philatelic interest, submit it for publication.

ONE THING THAT WE CAN BE thankful for along with the 3c postage rate is that it makes it easier for us to get rid of our surplus 3c stamps. We are obliged to keep on friendly terms with several business houses to get them to buy their letter postage stamps from us and now when they have occasion to need a hundred stamps to mail letters we cash in \$3.00 instead of \$2.00 as heretofore.

WE BELIEVE THAT ONE REASON stamp collecting is getting so much publicity in the newspapers of the country is because they have awakened to the fact that stamp collecting has stood up under the depression better than any other pursuit.

LET US COLLECTORS ALL HOPE that the Wall Street traders do not hear of this situation, else some day we might find stamps being traded on the exchange and subject to raids by Bulls and Bears.

SERIOUSLY THOUGH, OUR DAILY mail shows every indication of a very active season just before us and with the thousands of new collectors that are flocking to our hobby a very active winter is certain to follow.

## SOMETHING NEW IN PLAYING CARD STAMPS

Burt C. Wear

The Olympic Games which were recently an event in Los Angeles suggested to an enterprising publisher the creation of Olympic Playing Cards. These cards were a set of novelty cards. The joker being a likeness of that funny boy Joe Brown. The aces were utilized to show the Olympic Village, Los Angeles City Hall, Olympic Stadium and the Swimming Stadium. The deuce to ten showed the flags of the countries which had entries in the games. The Jacks, Queens and Kings were likenesses of the Movie Celebrities. The backs of the cards showed an athlete holding a laurel chain.

The idea of these cards evidently occurred to the publisher after the games were under way as the cards were not available until August 8th and the games opened on the 30th of July. As the games closed on the 14th of August they were half completed before the cards were on the market.

When the cards were ready to go to the distributors there were no Playing Card Stamps in the Internal Revenue Office in Los Angeles. To meet this deficiency it was necessary to use some of the 1917 issue of Documentary Stamps. The stamp used was Scott's No. 4231 which is watermarked double line U S I R and perforated 11. These stamps are pre-cancelled P.J.W.CO. and dated August 8, 1932. We have been informed that only 150 of these stamps were so pre-cancelled.

A supply of the flat plate printings of the 1930 perforated 10 (long type) were evidently received soon after as we find them dated August 12 and also 13. The cancellation on both of these stamps were handstamped and the firm and date were separately applied.

It is my opinion that this is the first time in the history of U. S. Revenue Stamps that a documentary stamp has been used as a playing card stamp.

## Endurance Flight Covers

While Louise Thaden and Frances Marsalis were breaking the women's refueling endurance record from August 14 to August 22, a total of 196 hours 5 minutes, at Curtiss Valley Stream Field, N. Y., they carried 96 covers, which bear a good record of the flight, and which were photographed by both of the fliers. As these were addressed to Leo August, we expect he was responsible for their carriage, which is a fine addition to our history-making group of covers.

## Events

Sept. 30th there will be a special Washington Bi-Centennial cachet applied by the Zion Community Club, of Columbia, Tenn. Cover should be sent to John B. McCree, c/o Zion Manse, Columbia, Tenn., and a good cachet may be expected.

Sturgis, Mich., airport dedication is expected soon. Covers to the City Manager.

Shreveport, La., opening of Barksdale Field, October 1st. Send to Conger Poage, c/o American Airways.

DeLand, Fla., dedication of Betsey Ross airport, in the future and Chamber of Commerce will hold covers.

## Notes

Covers received from A. A. Leve from Syracuse, N. Y., bearing large circular cachet for National Exchange Club convention, Sept. 11-14, and sorry news of this event reached me too late for publication.

Rev. Gearhart writes me that the dedication of the Erie, Pa., post office will take place early in November and that all covers in his hands will be mailed at that time, so don't bother him by unnecessary letters.

## Ship Postmarks

York Briddell, Box 668, St. Petersburg, Fla., will be glad to hear from all collectors who are interested in this class of covers.

## Special Catalogue

Officers of the American Air Mail Society have contracted with the publishers of The Standard Airpost Catalogue for a special edition of that splendid work, which it will offer to its members at a greatly reduced price. As the catalogue is practically necessary for all collectors, this action of the part of the national officers is to be commended and is one of the many benefits of being a member of this national organization.

Co-Operators: Leo August, Donald McSween, M. S. Petty, A. A. Leve, E. M. Gearhart, George Fawkes, Jas. MacFatrige, Sam Mandelbaum, Don Dickason, Jas. Galbraith and Wm. J. Korborts.

## DON'TS

When You Write for a Cachet

DON'T leave your covers unsealed, or if you must, tuck in the flaps, so they won't get caught in the Post Office cancelling machine.

DON'T send your covers without a thin filler, reaching from edge to edge, and NEVER use a clumsy, heavy filler.

DON'T use envelopes of freak size, or use envelopes made in a rough or rippled finish if you expect a clear imprint of the cachet.

DON'T spread your address and a string of stamps all over the cover; confine BOTH to the right half of the envelope and leave the entire left half blank for the cachet.

DON'T put three cents in stamps on a red, white and blue airmail envelope; you may get away with it, but it is "cheating" and cheapens your collection.

DON'T send your covers unaddressed and expect the Chamber of Commerce to address them for you—they are busy people, and besides, your name may get lost in the shuffle.

DON'T ask for the cachet in a special color or on the back of the cover; neither is proper nor sportsman-like.

DON'T place three cents postage on a heavy shipment and expect the Chamber of Commerce to pay the difference in postage due; they are going to sufficient expense and effort in giving you the cachet without charge.

DON'T give orders as to autographs you may want; the Chamber of Commerce hasn't any messenger boys handy to run for the signatures of the Mayor, the Postmaster and the Pilot, on your covers.

—H. M. Brehm.

INDIANA COLLECTORS TO HOLD  
MEET

The auction of rare stamps to be conducted by H. Edgar French of New-castle, Indiana, the well known authority on the stamps of Mexico and South America, will be one of the interesting features of the fourth annual Tri-State meeting of the Indiana Stamp Club at the Hotel Lockerbie in Indianapolis, Sept. 30th and Oct. 1st and 2nd. Mr. French has announced that there will be about two hundred lots in this auction. Collectors from all over the country are expected to attend.

An exhibit of rare stamps which is open to the general public on Friday and Saturday will be the occasion of the awarding of the Lockerbie Trophy and other awards. The exhibits will be comprised of United States, Foreign, Precancels and Air Mail stamps as well as many interesting covers.

On Sunday, October 2nd, Dr. Leonard L. Steimley, professor in the University of Illinois and internationally known authority on the postage stamps of Bulgaria will make an address following the annual banquet. Doctor T. Victor Keene, noted surgeon and art critic and connoisseur of postage stamps will be the toastmaster at the banquet.

The Indianapolis Stamp Club which meets twice each month at the Hotel Lockerbie is composed of over one hundred business and professional men who are assiduous collectors and is very cosmopolitan in character. Its membership includes bank presidents and bank clerks, railroad executives and railroad firemen, attorneys and surgeons, dentists and house painters, college professors and locksmiths, newspaper owners and printers.

All collectors are invited for this occasion. For further particulars address A. W. C. Brumfield, 99 W. Pratt St., Indianapolis, Ind.

## Columbus Day

440th Anniversary

October 12th

can now be philatelically commemorated and displayed in your cover collection by the use of my seven differently designed envelopes illustrated in two colors.

There are 19 towns in the U. S. named after Columbus and a collection of the postmarks of each on a handsome cover will look nice in any man's collection—regardless.

I can attend to this for you at 10c per cover or the entire lot for \$1.75. If you want to send your own covers to the 19 different towns I can supply you with the special envelopes at

30c per 12 or \$1 per 100.

## Navy Day

10th Anniversary

October 27th

is celebrated annually in honor of Theodore Roosevelt. Many cities, through the instrumentality of Citizen Committees, sponsor these celebrations and for this purpose I have prepared a special envelope in two colors with a vignette of Roosevelt, and for mailing from battleships with a vignette of Battleships. Either envelope can be had Plain or Air Mail.

## PRICES

30c per 12; \$1 per 100

assorted to your choice

## United States Battleship Cancellations

are becoming very popular, and deservedly so, offering as they do a new interest in cancellations. No cover collection is complete without a good representation of battleship cancellations. If you would like a start in this most interesting field I will prepare and have mailed direct to you on Navy Day, from different battleships, destroyers, etc., as many covers as you desire, all on the special envelopes used for that purpose, at 15c per cover or 8 for \$1; 50 for \$5.

## Daniel Webster and William Penn

will both be honored on October 24 by the United States Government through the issuance of two new 3c stamps and for this double event I have issued two special envelopes cacheted in two colors for use on First Day Covers.

The Webster stamp will appear at three towns—Franklin, Exeter and Hanover, N. H., and the Penn stamp at Chester and Philadelphia, Pa., and New Castle, Del. For the convenience of Cover Collectors I offer First Day Covers from any town mentioned above as follows: (no straight edges guaranteed).

Single on cover each 15c; Blocks of 4 on Airmail cover each 25c.

Can also supply covers on October 25th from Washington—same rate.

COVER COLLECTORS WHO PREPARE their own covers are invited to use my special envelopes. They are priced as follows:

30c per 12; 50c per 25; 75c per 50; \$1 per 100; \$6 per 1000.

Assorted in any way desired. Immediate shipment.

## NEW AIRPOST CATALOGUE

The Berkshire Exchange, publishers of the Standard Airpost Catalogue, have recently made arrangements whereby the Dworak catalogue is to be discontinued and the field left to the single catalogue which is a sensible arrangement.

The Berkshire catalogue as is well known lists both stamps and covers and just how far this catalogue will go in listing unofficial covers is a question that can only be answered when the catalogue appears.

The legitimate air cover game has suffered much from the flood of non-sensical covers offered under the guise

of air mail covers and a good house cleaning will be beneficial to the hobby.

Mr. Dickason announces that the publication date will be early in October. The price of the catalogue will be \$2.00.

**NEWFOUNDLAND DOLLAR  
AIR STAMP A FLOP**

Failure of the Aerial World Tours, Inc., of Minneapolis, to make the scheduled flight, for which the Newfoundland Government had issued a special dollar air stamp has caused the Newfoundland Government to recall the issue and practically disown the stamp as a Newfoundland Air Mail stamp. This action on the part of the Newfoundland Government should meet with the approval of all fair minded stamp collectors. Doubtless many collectors who have already acquired copies of the stamp will hold on to them however, being satisfied to have a souvenir of this proposed flight, even though it did cost them a dollar.

We wonder if the Aerial World Tours will make refunds or are collectors stuck. A few more such happenings and it will be impossible to get further assistance from stamp collectors for these foolish flights.

**CHICAGO PHILATELIC SOCIETY  
TO HOLD OPEN HOUSE**

The Chicago Philatelic Society, oldest stamp club in the United States, will hold an open meeting on Thursday, October 6th, at 8:00 p. m. in the Morrison Hotel. All school stamp clubs, in addition to other collectors of all ages, are cordially invited. Stamp souvenirs will be provided for all visiting junior collectors, and a really fine program is in store for the evening, including short addresses and entertaining talks by some of the best-known philatelists in the country.

**NO MORE BICENTENNIALS**

Announcement was made at the Post Office Department in Washington, under date of September 17th, that the manufacture of Washington Bicentennial postage stamps and stamped envelopes will be discontinued October 1st.

Approximately seven billion Bicentennial stamps of all denominations and 434,000,000 stamped envelopes had been printed up to September 1st of this year.

It is suggested that postoffices having stocks on hand, issue them in preference to other stamps with a view to getting them cleaned up as quickly as possible.

Doubtless there will be a heavy hangover of the 2c Bicentennial and unless these are called in, we will probably find them in use after the 3c postage rate is discontinued and the 2c rate is again put into effect.

## A WASHINGTON COVER

George Washington visited Portsmouth, N. Hamp., October 31, 1789, and to commemorate that event on October 31 of this year, Mr. C. Chamberlain, Portsmouth, N. Hamp., is preparing a special printed cacheted envelope. Collectors wanting one of the covers can obtain same by sending 5c in stamps, a 3c and a 2c stamp or five 1c stamps. If air mail is wanted, enclose 10c in stamps. Mr. Chamberlain feels that the extra 2c will pay for the cost of printing the envelopes and addressing them to those who want them. Only one cover to each applicant. Requests for the covers must reach Mr. Chamberlain by October 28th.

## POSTAL NOTE STAMPS FOR CANADA

"Postal note stamps are issued solely for the purpose of raising the value of Postal Notes in order to make up odd amounts up to 9c. (It would seem that Postal Notes are to be written in multiples of 10 cents.) They are not to be used for any other Postal business whatever and will not be accepted in payment of postage, revenue or excise tax." The foregoing is a quotation from an Official notice, furnished us by R. J. Lewis, of Dropmore, Manitoba, and refers to an issue of Postal Note stamps that are about to be issued to the Postmasters throughout Canada.

## YES, WE HAVE BANANAS

Colombian Republic, South America, has reversed that old song about not having any bananas today and is showing the world that they have bananas. They spell it BANANOS however, but no matter how they spell it the banana tree with a full bunch of bananas hanging to it as shown on the new 20 centavos airmail stamp is one of the most beautiful of the recent issues. Other values in the set show other products for which Colombia is noted and personally, we believe this form of stamp illustration is a very worth while idea. Perhaps these stamps appeal so much because of their beautiful rich colors. We can think of no others that seem to be so beautiful and brilliant.

## INTERVIEWS WITH STAMP PORTRAITS

By Capt. A. C. Townsend

Miss Barton, I hate to ask you for an interview for Linn's, as neither your face nor name appears on the Red Cross stamp issued May 21, 1931, but—

My dear boy, you need not hesitate to talk to me. You are afraid, I presume, that my feelings were hurt, but they were not. It would never have done to put a wrinkled old face like mine on the stamp. It would have spoiled what is now a very striking and beautiful stamp. That kneeling nurse, with her arms outstretched to help all humanity, with the Red Cross blazing beside her, is very lovely.

Then you do not mind her picture being on the stamp?

Not at all. It is really not a picture, it is a symbol of humanity. The face is so small that the features might be those of any one of thousands of American women. No, it is simply a beautiful symbol of the Red Cross and its work.

You originated that work, did you not, Miss Barton?

Yes, I think I may say so. During the Civil War the lack of hospitals and the great suffering of the men at the front appealed so strongly to me that I went to President Lincoln and got his consent. On August 10, 1862, the day after battle of Cedar Mountain, I arrived there and began the civilian work of caring for the wounded, which was carried on better and better as time passed.

But it was not until the winter of 1880-81 that at Dansville, N. Y., we organized the first Chapter of the Red Cross. In 1882, Congress approved the idea of joining the Convention of Geneva. President Arthur signed the bill and the real Red Cross came into existence in our country.

I have been so thrilled with its growth and the spread of its duties. You know I was born in 1821 and passed on in 1912, so I did not personally see its work in the World War, but I did witness it during and after the Spanish-American. Splendid work it was, but nothing compared to what it did in the World War.

And now think of it! Officially recognized as part of the Army service. A Field Director located at all important places, caring for the soldiers in many ways not covered by army regulations and fighting their battles for them.

And outside of that primary function, what a service! If there is a huge fire, or flood, or earthquake, or major catastrophe of any kind, almost the first thing you read is that "The Red Cross is on the scene and caring for the sufferers." How grand it is! A service purely of humanity and love of mankind.

No, it was the birth of the Red Cross that was honored by that stamp, not the birth of Clara Barton. Good-bye, my dear boy.
